

# ALERT

## HEROIN KILLS—PERIOD!!!

## HEROIN + FENTANYL = OVERDOSE!!!

### Heroin Use Has INCREASED Among Most Demographic Groups

### Heroin Addiction and Overdose Deaths are Climbing

### Heroin use is part of a larger substance abuse problem.

Nearly all people who used heroin also used at least 1 other drug.

People who are addicted to...

...more likely to be addicted to heroin.

Heroin is a highly addictive opioid drug with a high risk of overdose and death for users.

### Responding to the Heroin Epidemic

**PREVENT**  
People From Starting Heroin

Reduce prescription opioid painkiller abuse.  
Improve opioid painkiller prescribing practices and identify high-risk individuals early.

**REDUCE**  
Heroin Addiction

Ensure access to Medication-Assisted Treatment (MAT).  
Treat people addicted to heroin or prescription opioid painkillers with MAT and combine this with behavioral therapy, counseling, and other social supports.

**REVERSE**  
Heroin Overdose

Expand the use of naloxone.  
Use naloxone, often saving drug users' lives, to reverse the effects of opioid overdose when administered promptly.

## If you are in a health plan

- Your Primary Care Provider (PCP) will coordinate all of your care.
- Health plans will make sure you get all the care you need to stay healthy. This includes:
  - help getting a ride.
  - getting prescriptions filled.
  - finding services you or your family may need.
- Call your health plan or your PCP if you have any questions about your health.

## Getting ready for your first doctor visit

- After you choose your Primary Care Provider (PCP), call to schedule a checkup.
- A checkup is a free visit to the doctor to make sure you are healthy.
- Bring your photo ID, medical card, and medicine you are taking to your appointment.
- If you need help with transportation, call your health plan. If you are not in a health plan, call *First Transit* at (877) 725-0569.

## Going to the pharmacy

- Your doctor may want you to take certain medicine that needs a prescription.
- You will have to pick up the medicine at a pharmacy.
- You may need to bring a prescription, your HFS Medical Card and a photo ID.
- If you are in a health plan, bring your health plan member ID card, too.

## Understanding your prescription

• doctor may give you a prescription you have to pick up regularly, this is called a prescription.

## What to do in an emergency

- If you have a life-threatening condition, call 9-1-1.
- If you are hurt but it is not life threatening, call your Primary Care Provider (PCP) or health plan. They will tell you what to do and where to go.
- You can ask your PCP or health plan what your options are ahead of time so you can be prepared.

## How to find a Medicaid provider

Call (877) 912-8880 or go to [enrollhfs.illinois.gov](http://enrollhfs.illinois.gov)  
Go to a Medicaid provider if you are sick. Take your card and photo ID.

WRITE YOUR ID (RIN) NUMBER HERE:

- ### Choosing a Primary Care Provider and Health Plan
- In about one month, you may get an enrollment packet about how to pick a Primary Care Provider (PCP) and Health Plan.
  - Your PCP is the doctor or clinic you go to when you are sick or need a checkup.
  - Your health plan is the group of doctors, hospitals and other providers who work together to coordinate all of your health care.

## Choices you have to make

- Everyone must pick a Primary Care Provider (PCP).
- Depending on where you live, you may have to pick a health plan. Your enrollment packet will let you know if you need to pick a health plan.
- Once you pick a health plan, you have 90 days to change plans in case you want a different plan.

## Tips for choosing

Before you pick, ask yourself:

- Is there a doctor I already like?
- Does someone in my family have special needs?
- How far do I want to travel to see a doctor?
- Are they accepting new patients?
- Do I need a doctor who speaks a certain language?

## Need help?

The person who helped you apply for Medicaid can help you with your questions.

WRITE THE INFORMATION HERE:

NAME:

PHONE:

NOTES:

## Next steps

The State of Illinois will send mail to your address:

- A letter asking for more information, if needed.
- A letter telling you if you are eligible. Eligibility letters take 1 to 2 months.

Check your mail.

- If your address changes, let us know right away.
- Call the DHS Help Line at (800) 843-6154.

## If you are eligible you will receive:

- A second letter that has your Recipient Identification Number (RIN) - this is your HFS Medical Card.
- A letter telling you how to pick a doctor and health plan.

Keep the letters safe. They contain important information.

## Notes

Write down any information you need to remember.

**Homeless Status Certification**

The Homeless Status Certification is provided for the listed agent or agency to affirm to the named individual's homelessness at the time this certification is completed. It must be received by the Illinois Secretary of State's office at the time of application no later than 90 days from date notarized. This certification entitles the individual to a free standard State of Illinois ID Card.

This form does not establish proof of the applicant's name, date of birth or Social Security numbers, as required by Illinois law to obtain a State ID Card. The applicant must provide separate documentation from the list of approved documents by the Illinois Secretary of State at the time of application.

**Homeless Status Certification**

Applicant's Name (First, Middle, Last): \_\_\_\_\_

Applicant's Date of Birth: \_\_\_\_\_

Under penalty of perjury, I swear or affirm that:

I am a homeless individual as defined by federal law and I currently reside at or receive services from the Agency whose name and address are indicated on this document. I understand that the Illinois State Identification Card (ID Card) for which I am applying will be delivered to this Agency at the address listed on this document and I must pick up the ID Card from the Agency within sixty (60) days of the Agency's receipt of the document. If I fail to collect the ID Card within this 60-day period, it will be returned to the Illinois Secretary of State.

Signature of Applicant \_\_\_\_\_

Date \_\_\_\_\_

State of Illinois County of: \_\_\_\_\_

Subscribed and sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 20 \_\_\_\_\_.

\_\_\_\_\_  
Notary Public

(Place Notary Stamp Here)

Making any false statement on this certification is punishable by law.

Agency Name: \_\_\_\_\_

Agency Address: \_\_\_\_\_

Street (Mailing Address)

City \_\_\_\_\_

Zip Code \_\_\_\_\_

Agency Phone Number (including Area Code) \_\_\_\_\_

Agency Federal Tax ID Number or Attorney Registration Number \_\_\_\_\_

\*\*\*

Under penalty of perjury, I swear or affirm that I am a representative of the above-referenced Agency and the applicant is a homeless person who is currently residing or receiving services from this Agency.

I acknowledge that I accept responsibility for this Agency to receive, by United States mail, and hold in a secure location the ID Card issued to the applicant and will make every effort to ensure the delivery of the ID Card to the applicant when (s)he presents himself/herself in person to the Agency.

Should the applicant not return to the Agency to pick up the ID Card within sixty (60) days of its receipt in this office, the Agency will return the ID card to the Illinois Secretary of State by marking the envelope "Return To Sender" and depositing it in the United States mail.

Date: \_\_\_\_\_

Printed Name of Agency Employee Making Certification \_\_\_\_\_

Signature of Agency Employee Making Certification \_\_\_\_\_

State of Illinois County of: \_\_\_\_\_

Subscribed and sworn to before me this \_\_\_\_\_ day of \_\_\_\_\_, 20 \_\_\_\_\_.

\_\_\_\_\_  
Notary Public

(Place Notary Stamp Here)

Making any false statement on this certification is punishable by law.

## **NEW LEGISLATION REGARDING POSSESSION OF CERTAIN DOGS BY FELONS**

On January 1, 2007 new legislation became effective that prohibited convicted felons from possessing certain dogs and placed restrictions on their ownership and possession of dogs. (see 720 ILCS 5/12-36, Possession of certain dogs by felons prohibited).

The restrictions and prohibitions under the statute are for a period of 10 years after the release of the inmate from custody. The law only affects those convicted of certain felonies which are as follows:

- **A forcible felony**
- **A felony violation of the Humane Care for Animals Act**
- **A felony violation of Article 24 of the Criminal Code – (possession of weapons)**
- **A felony violation of Class 3 or higher of the Controlled Substances Act**
- **A felony violation of Class 3 or higher of the Cannabis Control Act**
- **A felony violation of Class 2 or higher of the Methamphetamine Act**

So for example a person convicted of a forgery would not be covered under this law.

The law provides that those persons convicted of any of the above felonies may not knowingly own, possess, have custody of, or reside in a residence with either;

- **An unspayed or unneutered dog or puppy older than 12 weeks or age, or**
- **Any dog that has been determined to be a vicious dog under the Animal Control Act, regardless of whether it was spayed or neutered.**

The law further provides:

- **Any dog, owned, possessed by, or in the custody of a person convicted of these felonies must be micro-chipped for permanent identification.**

So in essence an inmate convicted of any of the felonies described in the statute may have a dog if;

- **The dog is older than 12 weeks and spayed/neutered and micro-chipped, or**
- **The dog is less than 12 weeks and micro-chipped.**
- **The dog has not been determined to be vicious.**

## DEFINITION OF FORCIBLE FELONY

A person convicted of a forcible felony means he or she was convicted of one of the following crimes:

1. Treason
  2. First Degree Murder Degree
  3. Second Degree Murder
  4. Predatory criminal sexual assault of a child
  5. Aggravated criminal sexual assault
  6. Criminal sexual assault
  7. Robbery
  8. Burglary
  9. Residential burglary
  10. Aggravated arson
  11. Arson
  12. Aggravated kidnapping
  13. Kidnapping
  14. Aggravated battery resulting in great bodily harm or permanent disability or disfigurement
  15. Any other felony which involves the use or threat of physical force or violence against any individual

# NEED HELP?

Recently released from prison  
and want to get back on track?

Are you tired of doing time?

Do you want to get back into school?

Do you have a desire to stay drug-free?

Do you want to reunite with your family?

Are you finding that old habits are getting a hold?

Do you need support and resources to get back on track?

*Help is around the corner...*

# Spotlight Reentry Centers are here for you...

The Parolee Spotlight Reentry Centers feature a unique program called Community Connections. Parolees can hear from valuable community resources that will help you to get the support you need when returning from prison, or if you are struggling in the community. You'll hear from expert members of our community who offer support in:

- employment • food & housing • health services • education • wellness
- proper identification • legal support • family classes • substance abuse

Parolees face many challenges—Community Connections helps you to overcome those challenges and succeed in the community.

## **MEMORANDUM**

**DATE:** 07/11/2018

**To:** ALL OFFENDERS – TO BE ISSUED AT TIME OF RELEASE

**From:** Agency Medical Director

**Subject:** HIV (AIDS Virus) Testing and Counseling Center

As you have learned during your educational sessions within the Illinois Department of Corrections, many people are at risk for HIV infection. Prior to resuming sexual activity on the outside, it is strongly recommended that you be tested for HIV, as any past behavior may have put you at risk for being exposed to the virus. High risk behavior includes sharing of needles for IV injections and any unprotected sex, including oral, anal or vaginal sex. Anyone who has had sexual relationships with an individual who has engaged in any of the above behaviors is also at risk.

The HIV antibody test does not tell you whether or not you will develop AIDS. However, it will tell you whether or not you carry the virus and can spread it to other people. If you learn that you have been infected, there are medications available to slow down the activity of the virus in your body. The new medications are showing great promise in prolonging life and should be started before your immune system has been severely damaged.

Taking the test and waiting for the results can be frightening. Prior to being tested, people are counseled about the exact meaning of the test and the implications if the results are positive or negative.

The State of Illinois Department of Public Health has set up testing sites, which provide the counseling and testing free of charge. Attached is a list of the free testing sites. If you believe that you may be at risk, please call one of the testing sites and arrange for counseling and testing.

It is very important that you protect yourself by never sharing needles and by learning to engage in sex safely, reducing the risk to yourself and your partner.

ILLINOIS DEPARTMENT OF CORRECTIONS

**HIV / AIDS Testing Sites Handout and Certification**

Counseling and testing sites provide anonymous or confidential testing. An alpha denotes which service is offered by the site.

**A – Anonymous** testing is consented voluntary testing without a client's identifying information being linked to testing or medical records, including the request for testing or test results.

**C – Confidential** testing is consented voluntary testing conducted with client's information documented in client's record. This information may include name, address and locating information. The information is used to promote receipt of test results and linkage to follow-up counseling and referral for needed services.

**S – STD Clinic** (Confidential test only)

Clients opting for anonymous testing should be informed that the provider cannot link the client's test result to the client by name. Therefore, if the client does not return for test results, the provider will not be able to contact the client with those results.
